Once you have advised you are happy to proceed,
We will confirm the times/dates discussed prior to departure and keep you up to date with how we are travelling.
For interstate travel, we take bookings all the way up to departure date so times can vary.
A txt will be sent the night prior to our meet time/date and you will receive regular updates the on the day.
We ask that you are at the meet point 5 – 10 minutes prior to the time we are due to arrive so that we can pick up/drop off your pet in a timely manner which then allows us to arrive on time at the next meet point.
Photos or videos are sent enroute if time permits.

Please provide your pet/s usual feed (dry for cats and dogs).

Some familiarity can help as travel can be stressful. Blanket or chew toy can be sent in the crate & care packages can be included (not larger than shopping bag due to space limitations). If sending care packages, please ensure they are clearly labelled and can be sealed.

We have Malaseb Medicated Shampoo on board for any accidents/soling. PLEASE ADVISE IF YOU DO NOT WISH US TO USE THIS PRODUCT to clean up your pet. If not suitable, we will use water and cloth only.

MALASEB MEDICATED SHAMPOO Dermcare Malaseb Shampoo Medicated, 500ml Bacterial skin infections in dogs need treatment and Malaseb shampoo is specifically formulated to help treat Seborrhoeic Dermatitis (bacterial skin infection) and Dermatophytosis (ringworm). This shampoo can also be used on cats.

BIRDS, we ensure feed is constantly in the freight box as required for each breed. We only carry Budgie seed. All other seed is to be supplied by the sender.

We recommend any important documents for you animal are sent to the receiver via registered post. We do our best to remember documents, but cannot be responsible for handing over at drop of as we are focused on your pet/s wellbeing rather than paperwork. If you decide to send documents with your pet, please ensure the receiver is aware that they need to ask for the documents. That way, it is not overlooked.

We stop regularly to check on each passenger and attend to clean out as required along with feed/water top up/refresh. Of course, there is always enough time for a quick cuddle before they go back into their crates (dogs & cats)!!
